
PROMPT LIBRARY FOR CONTENT GENERATION

Prompt #1: LinkedIn Post for Product Launch

Use Case

Announcing a new product launch on LinkedIn.

Techniques Used

- Role Prompting
- Few-Shot Prompting
- Constraints

Template

You are a senior LinkedIn content strategist who has created multiple viral posts.

Write a LinkedIn post announcing the launch of {product_name}.

Product Description: {product_description}

Target Audience: {target_audience}

Goal: {goal}

Follow this structure:

1. Hook
2. Problem
3. Solution
4. CTA

Constraints:

- Maximum 120 words
- Short paragraphs
- Include 1 emoji

- End with a question
- Avoid words like "amazing" and "excited"

Sample Output

 Introducing StudySync — a smarter way for students to organize notes and assignments.

Many students struggle with scattered resources and missed deadlines.

StudySync brings notes, reminders, and collaboration into one simple platform.

Built for students who want less chaos and more focus.

What feature would help you stay productive during exams? 

Iteration

V1: Generic launch announcement.

V2: Added hook-problem-solution structure and CTA.

Improvement: Higher engagement and better readability.

Prompt #2: Blog Post Introduction

Use Case

Writing an engaging blog intro.

Techniques Used

- Role Prompting
- Chain-of-Thought
- Constraints

Template

You are an experienced content writer.

Write an engaging introduction for a blog titled:
"{blog_title}"

Target Audience: {audience}

First:

1. Identify a common problem.
2. Explain why it matters.
3. Introduce the solution.

Constraints:

- 120-150 words
- Conversational tone

Sample Output

Time management is one of the biggest challenges faced by students today. Between classes, assignments, and extracurricular activities, staying organized can feel impossible.

The result? Missed deadlines, stress, and reduced productivity.

Fortunately, with a few proven strategies, students can take control of their schedules and achieve more with less effort.

In this article, we'll explore practical techniques that can help you manage your time effectively and reduce academic stress.

Prompt #3: Cold Outreach Email

Use Case

Reaching potential clients.

Techniques Used

- Role Prompting
- Personalization
- Constraints

Template

You are a B2B sales expert.

Write a cold outreach email.

Recipient: {recipient_name}

Company: {company}

Pain Point: {pain_point}

Solution: {product_service}

Constraints:

- Under 120 words

- Friendly tone

- Include CTA

Sample Output

Subject: Quick idea for improving customer support

Hi Sarah,

I noticed that TechWave has been rapidly expanding its customer base.

Many growing companies struggle with handling support requests efficiently.

Our AI-powered helpdesk platform helps teams reduce response times by up to 40%.

Would you be open to a 15-minute call next week to explore whether this could help your team?

Best, John

Prompt #4: Follow-Up Email

Use Case

Following up after no response.

Techniques Used

- Role Prompting
- Constraints
- Tone Control

Template

You are a professional sales representative.

Write a follow-up email.

Previous Topic: {topic}

Recipient Name: {name}

Goal: {goal}

Constraints:

- Maximum 100 words
- Polite and professional
- End with CTA

Sample Output

Subject: Following up on our conversation

Hi David,

Just checking in regarding my previous email about workflow automation solutions.

I understand schedules can get busy, so I wanted to see if this is still something your team is considering.

Would you be available for a quick discussion this week?

Looking forward to hearing from you.

Best, Alex

Prompt #5: Product Description

Use Case

E-commerce product listing.

Techniques Used

- Role Prompting
- Feature-to-Benefit Framework
- Constraints

Template

You are an expert ecommerce copywriter.

Write a product description.

Product: {product_name}

Features:
{features}

Target Customer:
{customer}

Structure:
- Hook
- Key Benefits
- CTA

Constraints:
- 150 words max

Sample Output

Stay connected all day with the SmartFit Watch.

✓ Heart-rate monitoring ✓ Sleep tracking ✓ 7-day battery life

Whether you're working out or managing a busy schedule, SmartFit helps you stay informed and healthy.

Upgrade your lifestyle today.

Prompt #6: YouTube Title & Description

Use Case

Video content optimization.

Techniques Used

- Role Prompting
- SEO Optimization
- Constraints

Template

You are a YouTube growth strategist.

Generate:

1. 5 YouTube titles
2. Video description

Topic: {topic}

Keywords: {keywords}

Constraints:

- Titles under 60 characters
- Description under 200 words

Sample Output

Titles:

1. Time Management Hacks for Students
2. Study Smarter, Not Harder
3. Productivity Tips Every Student Needs
4. How to Stop Missing Deadlines
5. Boost Your Grades with These Habits

Description:

Learn practical strategies to manage your time effectively and improve academic performance. Perfect for students looking to stay productive and organized.

Prompt #7: Newsletter Section

Use Case

Weekly newsletter update.

Techniques Used

- Role Prompting
- Summarization
- Constraints

Template

You are a newsletter editor.

Write a newsletter section.

Topic: {topic}

Key Updates:
{updates}

Constraints:

- 150 words
- Friendly tone
- End with takeaway

Sample Output

This week, our platform introduced a redesigned dashboard and faster search functionality.

Users can now access reports 30% faster, improving overall productivity.

Key takeaway: Small improvements in usability often create the biggest impact on user experience.

Prompt #8: Google/Meta Ad Copy

Use Case

Digital advertising.

Techniques Used

- Role Prompting
- AIDA Framework
- Constraints

Template

You are a performance marketing specialist.

Create:

- 5 Headlines
- 3 Descriptions

Product: {product}

Audience: {audience}

Benefit: {benefit}

Use AIDA Framework.

Constraints:

- Headlines $\leq$ 30 characters
- Descriptions $\leq$ 90 characters

Sample Output

Headlines:

- Study Better Today
- Stay Organized Easily
- Ace Your Exams
- Productivity Simplified
- Smart Student Planner

Descriptions:

- Organize assignments and deadlines effortlessly.
- Improve focus with one powerful app.
- Start boosting productivity today.

Iteration

V1: Generic promotional text.

V2: Used AIDA framework and character limits.

Improvement: Better CTR potential and platform compliance.

Prompt #9: Article Summarization Prompt

Use Case

Summarizing long articles.

Techniques Used

- Chain-of-Thought
- Structured Output
- Constraints

Template

Read the article below.

Article:

{article}

Perform:

1. Identify main topic.
2. Extract 3 key points.
3. Summarize in 100 words.
4. Suggest one action item.

Output in markdown.

Sample Output

Main Topic

AI in Education

Key Points

- Personalized learning
- Faster grading
- Improved student engagement

Summary

AI tools are helping educators automate repetitive tasks and deliver more personalized learning experiences.

Action Item

Experiment with one AI-powered learning platform this week.

Prompt #10: 7-Day Content Calendar Generator

Use Case

Social media planning.

Techniques Used

- Role Prompting
- Structured Output
- Constraints

Template

You are a social media manager.

Create a 7-day content calendar.

Business: {business}

Audience: {audience}

Goal: {goal}

For each day provide:

- Topic
- Format
- Hook
- CTA

Output as a table.

Sample Output

Day	Topic	Format	Hook	CTA
Mon	Productivity Tips	Carousel	Save 2 hours daily	Follow us

Tue	Success Story	Video	Real student results	Comment
Wed	FAQ	Post	Most asked question	Share
Thu	Behind Scenes	Reel	How we work	Follow
Fri	Case Study	Carousel	Proven results	Learn More
Sat	Poll	Story	What's your challenge?	Vote
Sun	Weekly Recap	Post	Biggest lessons	Save Post

Iteration

V1: Topics only.

V2: Added format, hook, and CTA.

Improvement: Easier execution and better engagement planning.

Techniques Covered

- Role Prompting
- Few-Shot Prompting
- Chain-of-Thought
- Constraints
- Structured Output
- Personalization
- Tone Control
- AIDA Framework
- SEO Optimization
- Summarization
